

Dear colleagues,

Greetings from **BEIHANG University (BUAA)**!

In the summer of 2018, BEIHANG University will hold the **International Summer School** from July 7 to August 3. This is the fifth time we run the summer school program. Our summer school is intended for currently enrolled undergraduate students all over the world.

We have mailed the admission brochure which can also be found in the "Notice" section on our website: summer.buaa.edu.cn. Applicants need to register and apply online from **January 8 to April 8, 2018**. This year, the number of accepted students from the same university or college is limited to **10**. Please visit our website for more information.

In order to finish their application, students will have to upload student certificates and transcripts provided by their home university confirming their full-time undergraduate student identity valid to (no later than) the end of August, 2018. So they might need your help. Thank you in advance!

Best wishes,

International Summer School Office
